

FIVE WISHES[®] and FIVE WISHES Resources

Five Wishes (or Spanish language *Cinco Deseos*) is a legal document that helps adults express how they want to be cared for in case they become seriously ill and can't speak for themselves. *Five Wishes* is written in everyday language and covers medical, legal, personal, spiritual and family matters. Completing *Five Wishes* brings the peace of mind that comes from knowing your wishes will be known and respected. *Five Wishes* is also a gift for family members who now won't have to guess or second-guess what you want. More than 15 million copies in national circulation.

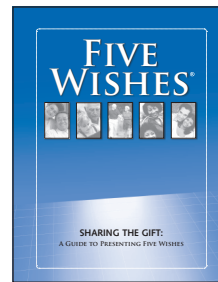

Bilingual: To address the needs of a culturally diverse nation, *Five Wishes* is available in 26 languages (listed on back of this page). Bilingual versions show the translated text side-by-side with the English, so health care workers who speak only English can easily tell what the patient wants or doesn't want.

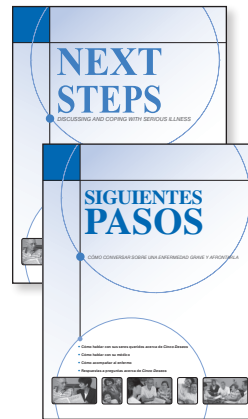

Five Wishes Online: Complete *Five Wishes* on screen in English or print out to complete by hand in any of 26 languages. Videos and answers to frequently asked questions make it easy to complete *Five Wishes* at www.fivewishesonline.org.

The 25-minute **Five Wishes instructional DVD** guides viewers wish-by-wish through *Five Wishes* and answers frequently asked questions. The *Cinco Deseos* (Spanish) instructional DVD features a Spanish language presenter.

Sharing the Gift: A Presenter's Guide to Five Wishes is a front-to-back guide to conducting effective *Five Wishes* presentations. "Sharing the Gift" can be used with or without the *Five Wishes* instructional video and covers preparation, advertising, room setup, presentation options and a summary of key points to make when discussing each of the wishes. Ideal for both small and large groups.

The **Next Steps** (or Spanish language Sigüientes Pasos) guide includes helpful information on starting and structuring discussions leading to completing *Five Wishes*; how to follow up with your doctor, health care agent and family; and being at the bedside of someone who is very ill. Easy to understand and use.

My Wishes (or Spanish language *Mis Deseos*) is the pediatric version of *Five Wishes* and helps a child express:

- ✓ How I want people to treat me
- ✓ How comfortable I want to be
- ✓ What I want my loved ones to know
- ✓ What I want my doctors and nurses to know
